AAIS Celebrates its 15th Anniversary!

AAIS celebrated its 15th Anniversary in style, with a well-attended Gala Dinner on 21 September 2018. Graced by the Minister for Trade & Industry, Mr Chan Chun Sing, we honoured two

distinguished industry personalities, Mr Charles Chong and Mr Manohar Khatani, with the AAIS Aviation & Aerospace Luminary Awards and recognised the unstinting support of our Charter (founding) Members. Photographs of the event are available for viewing at <https://www.aerophotoworks.com/aais15gala> & <https://www.aerophotoworks.com/p411892993>.

Joint Industry Innovation Programme on Additive Manufacturing launched

The Joint Industry Innovation Programme (JIP) on Additive Manufacturing (AM) was officially launched in conjunction with the Gala Dinner on 21 Sep 2018. This JIP is organised by the National Additive Manufacturing Innovation Cluster (NAMIC) and the Association of Aerospace Industries (Singapore), in partnership with the Civil Aviation Authority of Singapore (CAAS) and Workforce Singapore (WSG). The aim of the programme is to accelerate the development of AM competencies for the aerospace industry in Singapore. Launch participants include ST Engineering Aerospace and Accuron Aerospace (Singapore Aerospace Manufacturing), as well as global companies, Siemens, EOS and Arkema.

Nadcap Technical Symposium in Singapore

Date(s): Wednesday, 14 November 2018

The Nadcap Technical Symposium, organised by Performance Review Institute (PRI) and supported by AAIS, will be held for the first time in Singapore. The symposium is a great opportunity for companies to gain technical

interest in finding the most efficient means by which future regulation of the technology and its applications can be achieved. This workshop, which aims to promote knowledge sharing between industry and regulators, is organised by CAAS and EASA, and supported by AAIS.
