New E-Portal for Govt Support Schemes

A new business portal has been launched by Enterprise Singapore to help SMEs navigate the numerous government support schemes available. Called GoBusiness Gov Assist, the portal features an e-Adviser that can suggest schemes best suited to a company's business needs, based on its answers to a short questionnaire. SMEs will also be able to subscribe to government procurement notifications on the website, to stay abreast of the latest opportunities in this space.

AAIS 18th Annual General Meeting

In view of the ongoing pandemic, the 18th Annual General Meeting for the Association of Aerospace Industries (Singapore) will be held by electronic means on **29 October 2020 at 10.30am**. We will adopt the measures set forth in the COVID19 (Temporary Measures) (Alternative Arrangements for Meetings for Registered Societies) Order 2020.

Official Notice and more information will be disseminated to members in September. In the meantime, we seek the cooperation of all members to sign in to our new digital

membership management platform to confirm details of the Main and/or Alternate Representatives.

UPCOMING INDUSTRY ACTIVITIES

Impact of COVID-19 on Aviation and Aerospace, and Recovery

 Aug 27, 2020
(4 PM - 5 PM)

[REGISTER](#)

Join veteran aviation expert, Mr David Stewart, Partner at Oliver Wyman, as he presents an overview of how the aviation industry is faring, with the latest on fleet groundings, aircraft retirements and new production rates. Gain insights on the impact on commercial aviation maintenance and the aerospace aftermarket.

Launch of the Singapore Aviation Tech Accelerator (Start-Up) Program

 Sep 2, 2020
(2 PM - 3 PM)

[REGISTER](#)

Members of the Singapore Aerospace Community are invited to join the launch of the Singapore Aviation Tech Accelerator Program, spearheaded by Starburst in Singapore, supported by Enterprise Singapore, Singapore Airlines, SATS and Panasonic Avionics, with mentorship support from community partners including Association of Aerospace Industries (Singapore), Microsoft, Cocoon Capital and HFW.

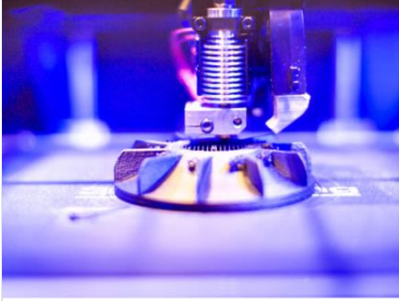

Administered by PRI

MedAccred Heat Treating Webinar

 Sep 4, 2020
(9 AM - 10 AM)

[REGISTER](#)

If you are considering diversifying to serve the medical devices industry, this free webinar organised by Performance Review Institute (PRI) may be for you. Most of us are familiar with PRI for its NADCAP certification. In similar vein, the MedAccred certification has been developed for the medical devices industry and is administered by PRI.

Development of Cold Spray Additive Manufacturing in Aerospace & Defence

 Sep 8, 2020
(10 AM - 11:30 AM)

[REGISTER](#)

Co-organised by NAMIC and AAIS, this webinar gathers experts on Cold Spray Additive Manufacturing, an emerging AM technology that is attracting considerable attention from both scientific and industrial communities. Join us to find out about developments and applications of this technology in the Aerospace and Defence industries.

Industry Dialogue with Govt Agencies (Members Only)

Additional COVID-19 support measures for businesses and workers

 Sep 9, 2020
(3 PM - 4:30 PM)

[REGISTER](#)

AAIS is organising a webinar for the Economic Development Board (EDB), SkillsFuture Singapore (SSG), Workforce Singapore (WSG), the National Trades Union Congress (NTUC) and the Employment and Employability Institute (e2i) to share more about the support available to help you retain your core capabilities in Singapore, as well as the assistance they can provide if manpower adjustments become necessary. We invite you to hear from them and participate in the panel discussion at the end of their sharing. Registrations will open soon.

AAIS Virtual Networking Session (For Members & UAS Community)

Join Us for our first Virtual Networking!

 Sep 17, 2020
(4 PM - 5:30 PM)

[REGISTER](#)

AAIS warmly invite members and the SG UAS Community to our First Virtual Networking Session! Grab a drink and reconnect with the aerospace community from the comfort and safety of your home or office. Listen in to a special presentation on "The Agile Approach in COVID-19 times". Join us for an exciting, new experience!

MRO Asia-Pacific Virtual – 22 to 24 Sep 2020

Overcoming Unprecedented Change and the Challenge of What Lies Ahead

Sep 22 - 24, 2020

[REGISTER](#)

Aviation Week's annual MRO Asia-Pacific exhibition and conference is going virtual this year! To be held from 22 to 24 September, the theme for this year's event is "Overcoming Unprecedented Change and the Challenge of What Lies Ahead". Visit the virtual exhibition booths and participate in the conference to discover new products and innovations, connect with and source new and existing business partners, and share knowledge and best practices.

PROFESSIONAL DEVELOPMENT & TRAINING COURSES

Certified Quality Engineer for Aerospace (CQEA)

This course aims to equip participants with a complete set of tools and techniques for control and improvement of product quality, reliability and safety. It covers aspects pertaining to the implementation of an effective quality control system as well as experimental design for investigation and quality improvement. The course also covers management planning, inspection and testing to achieve reliable and safe products to customer specifications.

Date(s): 1st intake - 3 November 2020

Type: Classroom Training

[Find Out More](#)

Introduction to Pyrometry Rev E to Rev F

Date(s): 14 & 15 September 2020

Type: Classroom Training

This course provides a two-day review and comprehensive discussion of the SAE AMS 2750 specification and how to apply the requirements at your company. PRI Training has updated the Introduction to Pyrometry course to include an overview of the key changes between Revision E and Revision F. The requirements covered during the course are necessary to ensure that parts or raw materials are heat treated in accordance with the applicable specification(s).
