

AAIS Updates: 22 October 2020

## Virtual Business Mission to Japan (Members Only)

SME members are invited to participate in AAIS' Virtual business mission to Japan for the 'CEO Business Meeting Event for Innovative Industry'. To be held in February 2021, the programme is organised by SME Support Japan. It involves business matching meetings with Japanese SMEs in "aircraft cluster-affiliated" companies, manufacturing and processing technologies and equipment, precision engineering and automation.

Members are invited to **register your interest** with the AAIS Secretariat via email to [liza@aaissg.org.sg](mailto:liza@aaissg.org.sg), **by 28 October 2020, 5pm**. Application details will be sent to you for completion and submission latest by the following week. The early closing date is required by the organisers, in order to facilitate your business matching process with Japanese SMEs. Kindly note that final selection of participants is at the discretion of SME Support Japan.

## Starburst Community Engagement: How Start-Ups can Add to the Industry Ecosystem

In an online dialogue co-organised by AAIS and Starburst on 14 October, the aerospace community, in particular SMEs and educational institutions, discussed potential synergies with tech start-ups. Moderated by AAIS Panel of Experts member, Mr Jeremy Chan, participants engaged in robust discussions on the potential, challenges and gaps towards developing the culture of innovation and how they can work together with start-ups to contribute to the advancement of the Singapore aviation and aerospace ecosystem.

## COVID-19 Business Support Measures

The Government has introduced various support measures in response to COVID-19 to help companies and workers weather near-term uncertainties. The relevant measures were outlined the Unity, Resilience, Solidarity, Fortitude Budgets and Ministerial Statements in August and October.

Enterprise Singapore has provided a summary of new initiatives and enhanced existing programmes for businesses. Please find the updates at the links below.

## Industry Dialogue on TR 78 : 2020

Building Façade Inspection Using Unmanned Aircraft Systems

 Nov 25, 2020  
(10 AM - 11:30 AM)

**The Building Façade Inspection using Unmanned Aircraft Systems Working Group (BFIUASWG) has completed drafting a new Technical Reference entitled "TR 78 : 2020 Unmanned aircraft systems (UAS) – Part 1 : Inspection of building facades process using UAS". The TR would provide guidance to UAS operators to apply innovative solutions on a new inspection model to improve efficiency, reduce safety risk to personnel, save time and cost.**

**Join this workshop co-organised by AAIS, the Building and Construction Authority (BCA), Enterprise Singapore (ESG), and the Singapore Manufacturing Federation – Standards Development Organisation (SMF-SDO) to find out more. Please register to attend.**

## Advanced Air Mobility for Singapore

**In partnership with McFly.Aero and with the support of EDB, AAIS will be organising a series of webinars on Advanced Air Mobility (AAM). Please save-the-date for the planned sessions below:**

- Singapore and AAM

Date: Thursday, 19 November 2020

- Urban Planning for AAM

Date: Thursday, 26 November 2020

- Airspace Design for AAM

Date: Thursday, 3 December 2020

More information and registration details will be available soon.

## Future-Proof Thinking Series Webinar: Logical Thinking & Problem Solving Amidst Complexity

The aerospace industry is bracing for a trying period, while industry leaders are faced with complex challenges. To be effective in an increasingly competitive landscape, higher cognitive skills, including logical thinking and problem solving, are key future-proof skills to develop.

AAIS is pleased to partner with Precena Strategic Partners (HQ Tokyo) to launch the Future-Proof Thinking Series, a curated higher cognitive skills training that aims to help industry leaders build future-ready skills. Join the pilot half-day programme coming in 4Q2020!
