

AAIS Updates: 23 February 2022

Highlights

Budget 2022: Charting Our New Way Forward Together

Minister for Finance Lawrence Wong delivered the Singapore Government's Budget Statement for Financial Year 2022 in Parliament on Friday, 18 February 2022.

The Budget aims to reinforce Singapore's social compact in a post-pandemic world, realise a fairer, more sustainable and more inclusive society, positioning ourselves for the challenges and opportunities over the next ten years.

Budget 2022 sets out key plans to:

- Invest in new capabilities;
- Advance our green transition;
- Renew and strengthen our social compact; and
- Develop a fairer and more resilient revenue structure.

Particular attention was given to SMEs, to support recovery, restructuring, financing growth, capability building and digitalisation.

Charting Our New Way Forward Together 

Support COVID-19 Recovery 

- Immediate Support for Households, Businesses, and Workers

Invest in New Capabilities 

- Invest in Digital Capabilities
- More Support for Innovation, R&D and Productivity
- Strengthen Local Enterprise Ecosystem

Invest in Our People 

- Support for Training, Job Redesign, and Skills Matching
- Support Mid-Career Workers
- Adjust Foreign Worker Policies to Improve Local-Foreign Complementarity

Charting Our New Way Forward Together 

Renew & Strengthen Our Social Compact 

- Uplift Lower-Wage Workers
- Boost Retirement Adequacy
- Build a Caring and Inclusive Society

Advance Our Green Transition 

- Net Zero Ambition and Carbon Tax Adjustments
- Green Growth Opportunities and Sustainable Living

Fairer & More Resilient Tax System 

- Meet Significant and Growing Recurrent Spending Needs, Especially for Healthcare
- Everyone Chips In, Those with More Contribute More

Aerospace Leaders' Dialogue Singapore 2022

It was an exciting morning as AAIS members and senior executives from the industry gathered at the inaugural Aerospace Leaders' Dialogue Singapore 2022. Organised by AAIS as a hybrid event on the sidelines of Singapore Airshow, the focus was on the theme of 'Sustainability, Innovation and Technology for the Future of Aerospace'.

Kicking off the programme, AAIS President Wong Yue Jeen noted in his opening remarks, "A lot has been said about what the industry has experienced over the last two years. Today, we really want to focus on our quest for the future."

We were privileged to hear from senior industry leaders - Panel 1: Dan Abraham of Boeing and Kathy MacKenzie of GE Aviation, Panel 2: Dr Valerie Manning of Airbus, Nicolas Bonleux of Liebherr Aerospace & Transportation and Dr Bicky Bhangu of Rolls-Royce - through presentations and panel discussions. Many important insights were shared on the efforts, developments, and challenges to enabling the aviation and aerospace industries to achieve Net-Zero Emissions by 2050. The discussions touched on corporate priorities on the road to recovery, global sustainability strategies, renewable energies, and advanced technologies.

ALDS 2022, which was held on 17 February 2022, was supported by EDB and live-streamed with the sponsorship of DJET Air. Our deep appreciation to the panel speakers and their staff, and to attendees, both in-person and on live-stream.

Singapore Pavilion @ Singapore Airshow 2022

The Singapore Pavilion at Singapore Airshow 2022 featured a great selection of SMEs representing a diverse cross-section of the local ecosystem.

Among the VIPs who visited, we were pleased to welcome Minister of Transport S Iswaran, SMS Defence Heng Chee How, Chief Defence Scientist Tan Peng Yam, Chief of Defence Force LG Melvin Ong and Chief of Navy RADM Aaron Beng on 15 February, as well as the Chairman, Board members and CEO of JTC Corporation on 16 February.

Singapore Pavilion exhibitors:

- **ACP Metal Finishing Pte Ltd**
- **Airtec Corporation (Asia) Pte Ltd**
- **Alpsun Pte Ltd**
- **Apps-Connect Pte Ltd**
- **CBMM Supply Services and Solutions Pte Ltd**
- **Diamond Aviation Pte Ltd**
- **Hope Technik Pte Ltd**
- **Hypercoat Enterprises Pte Ltd**
- **iHawk Global Pte Ltd**
- **Transfingo Aviation Solutions Pte Ltd**

Singapore Aerospace Technology Leadership Forum (SATFL) 2022

Held on 14 February, SATFL 2022 kicked off a series of thought-provoking conferences and industry engagement events that took place during the week of the Singapore Airshow. Co-organised by A*STAR and AAIS, SATFL 2022 was conducted virtually with the theme, 'Relaunching Aviation'.

In his keynote address, Minister (MOM/MTI) Dr Tan See Leng emphasised the government's commitment to continue supporting the transformation and upskilling of the aerospace workforce, as well as the industry's strategic research initiatives.

The first of two panel sessions was moderated by Gayle Chan of DSTA, with speakers: Ted Colbert of Boeing, David So Man Fung of SIAEC, Kevin Matthies of Spirit AeroSystems, and Lee Hui Fung of ST Engineering. The panel addressed technologies that have or are being developed as aerospace companies Position for Recovery, touching on implementation, change management, human capital development and other factors to consider in implementing new technologies.

The second panel on Strengthening Future Readiness was moderated by Robin Thevathasan of AAIS, featuring speakers: Sabine Klauke of Airbus, Fassi Kafyeke of Bombardier, Francis Preli of Pratt & Whitney, Grazia Vittadini of Rolls-Royce and Bernhard Quendt of Thales. The session saw robust discussions on the path to Net-Zero Emissions, touching on coordination of efforts across the industry and globally, electric and hydrogen-powered flights, and SAFs.

Upcoming Industry Activities - Save the Date!

#BreakTheBias: Women in Aviation and Aerospace Careers in Singapore (Hybrid)

18 Mar 2022, 4.30pm (tbc)

The world will be celebrating women in March, with the theme for this year's International Women's Day being 'Breaking the Bias'.

Join us for an engaging conversation with key leaders from the Singapore aviation and aerospace sectors representing diverse voices. Hear about their experiences and challenges in their career, celebrate their achievements, and draw inspiration from their journey towards empowerment.

Look out for the event mailer for more details.

Singapore Apex Business Summit by SBF (Hybrid)

22 to 25 March 2022 | Marina Bay Sands

SBF will be organising the inaugural Singapore Apex Business Summit (SABS) with the theme "Accelerating Business Transformation in an Endemic World". The SABS will comprise flagship events like the Singapore Regional Business Forum (SRBF®), ASEAN Conference, Future Economy Conference & Exhibition, TAC Symposium, and FTA Day.

Covering key global, regional and industry agendas, renowned speakers will be invited to share their insights on economic development, market outlook, business megatrends, and concrete project opportunities in the global business landscape. DPM Heng Swee Keat, President Halimah Yacob, and various Ministers will be gracing the various SABS events.

AAIS Aircraft Leasing Forum (Hybrid)

31 Mar 2022, 11:00am (GMT +8)

Join AAIS for this forum to learn about the latest tax developments from Singapore Budget 2022 that will impact the Aircraft Leasing industry. This will be followed by a panel discussion with EDB, Ernst & Young and lessors, moderated by AAIS MC member Kevin Chow (Thales).

Look out for the event mailer for more details.

Upcoming Courses

SPECIAL PROCESSES TRAINING PROGRAMME

A collaboration between AAIS and ASTA Training International to identify and nurture the next generation of Technicians/Engineers for Special Processes

We are pleased to announce the second course under the ambit of the AAIS-ASTA Special Process Training Programme for the aerospace industry: **Welding Applications for**

Aerospace Qualification - 11 to 13 April 2022.

Developed for the aerospace industry, this is a comprehensive welding knowledge and application training programme that provides guidance and important information on how this special process technique could be properly and effectively carried out in accordance with aerospace industry standards and requirements. It will cover the areas of process, technique development, procedural development, competency in operation, process control, quality assurance and personnel qualification requirements. The course would also equip attendees with proficiency and competency in meeting Nadcap Accreditation training requirements.

Human Factors and Error Management

Date: 1 April 2022

Type: Classroom Training

This course will provide participants with an understanding of the human factors that could affect performance in aerospace maintenance. With the completion of the course, participants will be able to apply error management techniques to reduce the potential for human error in maintenance tasks.
