

AAIS Updates: 9 June 2022

Highlights

Welcome to New AAIS Member

Join us in welcoming our latest member: Dedienne Aerospace Pte Ltd (Ordinary member).

Dedienne Aerospace is a family-owned company with over 70 years of experience in the design and manufacturing of aerospace tooling and ground support equipment (GSE).

Crowds at OneAviation Career Fair

Crowds thronged the first day of OneAviation Career fair on 27 May 2022. With about 2,000 jobs available and interviews conducted on-site, it was a vibrant start to this 2-day event organised by the Civil Aviation Authority of Singapore and supported by AAIS, amongst other organisations.

Senior Minister of State (Transport) and Deputy Secretary-General of NTUC, Chee Hong Tat, officiated the event, delivering an upbeat opening speech. He spoke of how Changi Airport passenger traffic had reached 50% of pre-COVID levels sooner than expected and predicted that the industry would recover 80-90% of its employment levels by end of year.

On day 2, AAIS MC member Desmond Goh moderated a panel discussion on "The Aviation Engineer: Powering Our Future", featuring industry professionals from Safran Electronics & Defense, SIA Engineering Company, Singapore Aero Engine Services, and Changi Airport Group.

SIAEC & SAESL strike a winning pose at AAIS Annual Bowling Tournament

Congratulations to the winning team of SIA Engineering Company and runners up from Singapore Aero Engine Services Private Limited at AAIS' Annual Bowling Tournament held on 28 May 2022. After a pandemic break of 2 years, we are grateful to be back with this aerospace community networking and corporate team building opportunity! Thank you to AAIS Management Committee member, Matthieu Pere for giving away the prizes. View the full results and more photos on our website.

Job Redesign Masterclasses supported by WSG

As our industry transforms to stay ahead of the curve, more companies are seeing the need to embark on job redesign initiatives to drive higher productivity and make aerospace jobs more attractive to attract and retain talent.

AAIS is pleased to support SNEF-WSG-EY in their upcoming in-person Job Redesign (JR) Masterclasses on 1 July, 02:30pm – 05:30pm and 22 July, 09:30am – 12:30pm. Both Masterclasses will cover the same content.

Key highlights of each Masterclass which are facilitated by **EY's People Advisory Services** are as follows:

- Job Redesign for companies across a broad range of **key sectors, such as Aerospace**, ICT, Media, Food Services and more, arising from workforce trends and their impact on jobs and skills.
- **Sector breakout sessions** to discuss job roles of concern within each sector, and how these roles can benefit from job redesign.
- Government initiatives to tap on for **funding support** in areas of job redesign, digitalisation, upskilling and hiring of locals.

Members who are interested to attend may register with AAIS by 17 June 2022, and select one of the two sessions. Each company can send up to two representatives.

Recent Activities

Inaugural New Members' Night

AAIS held our inaugural New Members' Night on 18 May 2022 at Parkroyal Beach Road. This new event was put together to welcome and introduce new corporate members that have joined AAIS in the past 6 months. With the easing of the safe management measures, we were delighted to be able to gather in-person and facilitate face-to-face introductions between representatives of member companies and members of the AAIS Management Committee.

Aerospace Standards Technical Committee Strategic Planning

AAIS was pleased to contribute towards the Strategic Planning Session of the Aerospace Standards Technical Committee on 20 May 2022. Discussions at the Session focused on a wide scope, including Smart MRO, Digitalisation and Technology, UAS and manpower development, with a view to supporting the national aerospace industry with standards development.

Upcoming Industry Activities

How COVID and Conflict in Ukraine has affected Aircraft Leasing

 Jun 23, 2022
(4 PM - 5:30 PM)
(GMT+8)

Aviation is on the path of recovery from the effects of the COVID-19 pandemic. Leased aircraft now account for an estimated 60 percent of new passenger jet deliveries. This has shot up from approximately 45 percent before the pandemic. This growth may seem somewhat surprising, considering that during the pandemic many airlines sought to defer lease rentals or even defaulted on payments.

Even before we have bid goodbye to the pandemic, a new crisis has arisen in the form of the Russia-Ukraine conflict. More than 500 western-made leased aircraft were affected by sanctions against Russia. What is happening to these aircraft, how are lessors responding and what legal issues have arisen?

To shed some light on developments, we are delighted to have Rob Morris of Ascend by Cirium, and Rajaram Ramiah of RHTLaw Asia to share their take on how aircraft leasing weathered the pandemic and is dealing with the fallout from the war in Europe.

Virtual B2B Meetings between Singapore and Malaysia Aerospace companies

 Jul 7, 2022
(GMT+8)

AAIS, in collaboration with the Malaysia Aerospace Industry Association (MAIA) will be organising a Business-to-Business (B2B) meeting programme on 7 July 2022. This event will provide members with a chance to explore the regional aerospace and aviation market, and discuss opportunities and synergies with Malaysia-based aerospace and aviation companies.

Take this opportunity to get connected and to explore potential collaboration or business ventures!

Aerospace Partners Golf Tournament 2022

 Sep 9, 2022
(11 AM - 10 PM)
(GMT+8)

 Tanah Merah Country...
Singapore

We are excited to announce that the Aerospace Partners Golf Tournament (APGT) 2022 will take place on **Friday 9th September 2022** at the Tanah Merah Country Club (TMCC) Garden Course. With the relaxation of safe management measures, APGT will return to its usual format, enhancing the enjoyment of all participants. As before, all net proceeds will also go to the Cerebral Palsy Alliance Singapore (CPAS).

The format of the day will be:

- * Lunch served from 11.45 am
- * Shotgun start at 1.30 pm with novelty holes, drinks and food on course.
- * Post-golf dinner with musical performances, prize giving, CPAS art auction and lucky draw raffle

The APGT tradition is more than two-decades old and we are proud of our longstanding support for CPAS. This is especially since 2022 is the 65th anniversary of CPAS. We understand that economic factors continue to challenge the aviation recovery and as such, support of charity events is more difficult. Nevertheless, we are hopeful of your support, either as individuals or corporate participants.

Aeromart Toulouse 2022 (Exhibition & Business Mission)

 Nov 29, 2022 to Dec 1, 2022
(GMT+1)

 MEETT - Parc des Ex...
Aussonne, Occita...

AAIS is exploring participation at Aeromart Toulouse 2022 which will be taking place from 29 November to 1 December. AEROMART is an established global event for the aerospace industry, connecting OEMs and their Tier 1 & 2 suppliers with manufacturers from both civil and defense categories. Bespoke pre-arranged one-to-one meetings with the contacts of your choice gives AEROMART the edge over other aerospace exhibitions.

Take the opportunity to meet with international companies and contacts from all over the world in just 2 days with minimal expense and organizational constraints. Network with the entire global aerospace supply chain through tailored B2B meetings and showcase your capabilities under the Singapore Pavilion, with the support of a grant from Enterprise Singapore (subject to a minimum of 6 exhibiting companies). To register your interest to participate and for further information, please drop an email to Margaret Chong at margaret@ais.org.sg or contact +65 9736 1722.

AAIS Professional Development Courses

CERTIFIED QUALITY ENGINEER FOR AEROSPACE

A collaboration to nurture aerospace quality professionals

NEXT INTAKE: 16 AUGUST 2022

Association of Aerospace Industries (Singapore)

SINGAPORE QUALITY INSTITUTE

[More Info](#)

AS 9100:2016 Internal Auditor Course

Date: 16 & 17 June 2022

Type: Hybrid Classroom

The industry has moved towards requiring subcontractors and suppliers to be AS 9100 compliant or certified. This course provides a full understanding of this global aerospace standard and the skills to undertake effective internal audits based on AS 9100 Rev D (Quality Management System Requirements for Aviation, Space and Defense Org).

[Find out more](#)

Singapore Airworthiness Requirements (SAR) Part 21

Date: 20 to 23 June 2022 *new dates*

Type: Virtual Instructor-Led Training

This course will address the CAAS Design and Production approval process, covering conditions under which a Supplemental Type Certificate (STC) or a Singapore Technical Standard Order (TSO) is issued. It will cover the classification of changes and repairs and conditions for approval by CAAS or an approved Design Organisation.

[Find out more](#)

Failure Mode and Effect Analysis (FMEA)

Date: 27 & 28 June 2022

Type: Classroom Training

This interactive course covers the principles and concept of FMEA, and the application of the methodology for use in design or process or service environments. It is particularly beneficial for individuals responsible for planning, developing or managing a quality system to satisfy the

Drone Security Training Course Bundle

(learners can take 2 to 6 weeks to complete all 3 courses)

Type: On-demand learning

This course address important issues of governance, regulation, and security that government, investors, and organisations need to be aware of in using drones. Suitable for professionals and individuals looking to upskill, or hobbyists looking to

QS 9000 or IATF 16949 quality system requirements.

understand the full range of drone technology.
