**P16** Exhibitor Listing (By Capabilities)

 Welcome to the Singapore Pavillion

The aviation and aerospace industries are on a promising path to recovery. International air passenger traffic for Asia-Pacific airlines recorded a 492% rise in June 2022 compared to a year before as travel restrictions were lifted in most parts of the region (IATA, Aug 2022). Passenger traffic at Singapore's Changi Airport also exceeded half of pre-pandemic figures by June, with further growth expected in the following months.

Having spent much of the last two years preparing for the future, businesses are eager to showcase their new products and services. At MRO Asia Pacific 2022, aviation and aerospace companies can look forward to invaluable insights, new business contacts and fresh opportunities.

We welcome you to explore possibilities with us at the Singapore Pavillion!

**Sia Kheng Yok**  
*Chief Executive*  
Association of Aerospace  
Industries (Singapore)

## ENTERPRISE SINGAPORE

Enterprise Singapore is the Singapore government agency championing enterprise development. It also supports the growth of Singapore as a hub for global trading and startups.

The agency attracts global commodities traders to establish their global or Asian home base in Singapore. Today, Singapore is a leading global trading hub with a complete ecosystem for the energy, agri-commodities and metals & minerals trading clusters. Singapore is also home to many global enterprises, startups and investors that operate in its robust pro-enterprise environment.

Enterprise Singapore builds trust in Singapore's products and services through quality and standards. Renowned for their dedication to quality and innovation, Singapore companies make ideal business partners.

With Enterprise Singapore's global network in over 35 locations spanning many developed and emerging markets, it connects businesses with relevant Singapore companies for their business expansion.

Visit [www.enterprisesg.gov.sg](http://www.enterprisesg.gov.sg) for more information

### ACME MANUFACTURING COMPANY PTE LTD

Acme Manufacturing is the global leader in manufacturing turnkey robotic finishing systems for material removal. Working with 20+ industries, we have built over 3700 robotic systems. Acme provides state-of-the-art turnkey robotic systems for new parts & MRO processes including, MRO blade tip repair (HPT & HPC), LPT blade polish, vane polishing, coating, blending, deburring, leading-edge profiling, composite material trim, and polish, additive manufacturing post-processes, and robotic machine tending.

Acme Manufacturing Company Singapore Pte. Ltd., within the Seletar Aerospace Park, is the first company in the metal finishing industry to offer a customer interaction center along with robotic cells for R&D dedicated to aerospace material removal applications.

**Areas of Expertise:**

- Robotic Grinding
- Robotic Polishing
- Robotic Buffing
- Robotic Deburring

**Certifications:**

- ISO 9001 2015
- E-Star
- RIA Certified
- FANUC Authorized System Integrator and Strategic Partner

**Address:** 1 Seletar Aerospace Heights #04-08 Singapore 797547

**Website:** [www.acmemfg.com](http://www.acmemfg.com)

**Contact:**

### AMS DECISION PTE LTD

AMS Decision provides unique mobile apps and technology solutions to track experience and competency of aircraft maintenance engineers:

- AMS Experience for MROs for EASA compliance
- AMS Training for MTOs for tracking practical training
- AMS ACS for tracking Airman Certification Standards as per FAA regulation
- AMS Vision for visual inspections
- AMS Community for tracking of experience of freelance aircraft engineers

**Areas of Expertise:**

- Mobile apps and tech solutions
- Quality and compliance solutions
- Experience tracking
- Practical training tracking
- Visual inspection

**Address:** 10 Suffolk Road #09-01 Singapore 307786

**Website:** [www.amsdecision.com](http://www.amsdecision.com)

## APPLIED TOTAL CONTROL TREATMENT PTE LTD

ATC has grown to create a tradition of complete customer satisfaction. ATC offers metal finishing services including plating of zinc, nickel, chromium, gold, silver, chrome, cadmium, tin, copper, black oxide, electropolish, chemical polishing process, various type of anodizing for aluminium, conversion coating such as passivating and phosphating. We also provide powder coating, wet painting services, UHV cleaning, and Ultrasonic cleaning.

### Areas of Expertise:

- Performing variance type of plating on components
- Handle huge parts for spray painting with 6m(L) x 3m (W) x 3m (H) oven
- Perform complex masking
- Internal R&D team capable to design jig and fixture to support complex parts
- Internal Laboratory to perform chemical analysis and in-house coupon lab test (E.g. Salt spray test, abrasion test, Hardness test)

### Certifications:

- Nadcap
- AS 9100 D
- ISO 9001:2015

**Address:** 24A Woodlands Loop  
Singapore 737891

**Website:** [www.atc-treatment.com](http://www.atc-treatment.com)

## ASSOCIATION OF AEROSPACE INDUSTRIES (SINGAPORE)

The Association of Aerospace Industries (Singapore) or AAIS, is a not-for-profit organisation established in 2003 to promote the development of Singapore as a leading aerospace hub. Its vision is "An Innovative Aerospace Community for a Sustainable Future."

AAIS represents companies involved in aviation, aerospace and unmanned aircraft systems, including maintenance, repair and overhaul (MRO), manufacturing, parts distribution, research & development, training and education, and aftermarket services. It serves as the voice of industry to influence future directions and policies, facilitates business and engenders the development of the industry community.

### Areas of Expertise:

- Industry Events, Seminars & Workshops
- Facilitation of Business Missions, Trade Fairs and Exhibitions
- Professional Development Programmes and Training
- Government-Industry Dialogues and Policy inputs
- Outreach to Aerospace and Aviation communities

**Address:** 690 West Camp Road  
#08-08  
JTC Aviation Two  
Seletar Aerospace Park  
Singapore 797523

### ATEQ SINGAPORE PTE LTD

ATEQ Aviation is a worldwide manufacturer of automated testers for all types of aircrafts. In order to assist aviation manufacturing and maintenance, ATEQ has developed a complete range of products and customized hardware and software solutions, adapted to all industry requirements: pneumatic, electric and electronic safety testing systems. ATEQ engineers sell and service Aviation product line to more than 1,000 customers worldwide.

Cobra Systems, an ATEQ company since 2018, manufactures Pitot-Static adapters, accessories and covers. ATEQ Aviation, a division of ATEQ Group, is the number one supplier of automatic leak testing machines and leak test systems for assembly lines and laboratories. Present in 40 countries, ATEQ is servicing more than 5,000 customers worldwide.

**Areas of Expertise:**

- Air Data Testing, one stop solution
- ADSE, and pitot static adapter manufacturer
- Aircraft Battery Testing solutions
- Leak testing expertise
- Resistance and loop testing expertise

**Certifications:**

- ISO 17025

**Address:** 38 Jalan Pemimpin  
#08-06  
Singapore 577178

### AUXITROL WESTON SINGAPORE PTE LTD

The aftermarket arm of Auxitrol Weston, provides global MRO support and services through our facilities located in France, USA, Singapore, and China. Strategically partnering with sales representatives and distributors around the world to expand our market reach. We are committed to provide a global service network that satisfies our customers' needs worldwide.

With 3 support facilities located in Bourges, France (Europe), Singapore (Asia), Guangzhou (China) and employing around 60 people and agents in Europe, the Middle-East, the Far-East and the Americas, we provide a global network committed to satisfying our customers' needs. We also integrate Technical Support activities.

**Areas of Expertise:**

- New Part sales for Auxitrol (F2276) and Weston (K0405) products
- Test/Repair/Overhaul of Auxitrol Weston products
- AOG services for Auxitrol Weston range of products

**Certifications:**

- CAAS
- FAA
- EASA
- AS9110C

**Address:** 30 Loyang Way  
#06-06  
Singapore 508769

### AVIATION PARTNER AND CONSULTING PTE LTD

Headquartered in Singapore, Aviation Partner And Consulting Pte Ltd (APAC) is an OEM Authorised Distributor for the supply of products and parts for the aircraft Maintenance in Commercial, General and Business Jet Aviation within Asia Pacific Region.

**Areas of Expertise:**

- Distribution
- Consignment
- Aircraft Maintenance Supplies
- Aircraft Paint and Supplies

**Certifications:**

- AS9120B
- ISO 9001:2015

**Address:** 690 West Camp Road

### BAN CHU LEONG TECHNOLOGIES PTE LTD

Ban Chu Leong Technologies Pte Ltd is a leading abrasive manufacturer and solution provider for aviation engines and aircraft parts, from the production to MROs. We are a provider for abrasive automation, robotics solutions and customised abrasive tooling or consumables.

Excellent in manufacturing and distribution of Quality Abrasive tools, Ban Chu Leong Technologies is an abrasive consumables supplier and consultancy for aviation MROs and Production.

**Areas of Expertise:**

- Abrasive belts
- Abrasive discs
- Pneumatics tools
- Robotic and automated grinding
- Abrasive solutions

**Certifications:**

- ISO 9001:2015

**Address:** 5 Jalan Lembah Kallang  
Singapore 339561

### BOLLORE LOGISTICS SINGAPORE PTE LTD

Bolloré Logistics is a global leader in International transport & logistics. Constantly adapting to its customers' changing needs, the company has enriched its expertise to become a tier-one supply chain partner and one of the top 10 transport and logistics companies in the world.

Drawing on over 30 years of experience in Aerospace Logistics Management we offer customized global solutions to all industry players: airlines and operators, engine manufacturers, equipment & system manufacturers, MROs aftermarket provider, launching system & spacecraft manufacturers, defense industries & armed forces.

**Areas of Expertise:**

- In-house air & sea freight
- AOG Shipments
- Customs brokerage
- Warehouse logistics (Civil or FTZ)
- Distribution

**Certifications:**

- ISO 9001
- ISO 14001
- EN9120
- OHSAS 18001

**Address:** 101 Alps Ave  
#03-01

### CBMM SUPPLY SERVICES & SOLUTIONS PTE LTD

KeepFlying® focuses on the application of explainable AI to help Engine Asset Owners, Lessors and MROs visualize the commercial impact of their decisions before taking them using underlying Airworthiness and Maintenance data.

KeepFlying® supports information exchange and AI based Data wrangling (Data Integrity Enhancement using Asset specific Data Models) within the Aviation Ecosystem in compliance to ATA Spec 2500, Spec 2400 and Spec 2000 (Chapters 16, 17 and 18). This helps accurately forecast maintenance costs and value economics, cashflows, revenue potential.

**Areas of Expertise:**

- Digital Financial Twin
- Aviation Data driven Machine Learning
- Aviation Data Wrangling
- Hangar/Shop Visit Forecasting & Costing
- Asset Residual Life Management & Commercial Impact Forecasting

**Address:** GH 20 #03-38  
5 Tampines Central 6

## COWAY ENGINEERING & MARKETING PTE LTD

Coway is one of the few SMEs in the Asia Pacific Region approved by CAAS, FAAA EASA for MRO of aerospace components (Part 145). Our experienced, committed staff with extensive understanding of Aerospace expectations and state of the art facility, enable us to provide our customers best in class value.

Services including Precision machining, Non-destructive test (NDT), Surface treatment and Welding, are all certified to AS9100D and ISO9001:2015. Beside Aerospace components MRO, we are also expanding our manufacturing capacity and capability to support both Aerospace and non-Aerospace customers. Coway is looking forward to explore and develop a long-term relationship with OEMs and MROs to support their operation needs and demand for this region.

**Areas of Expertise:**

- Components MRO
- Precision Machining
- NDT
- TIG Welding
- Surface Treatment

**Certifications:**

- ISO 9001
- AS9100
- CAAS Part 145
- FAA Part 145
- EASA Part 145

**Address:** 9A Seletar Aerospace Link  
Singapore 797365

## CW AERO SERVICES PTE LTD

A spin off from CW Singapore, CW Aero Services Pte Ltd was set up in 2017 to provide an in-depth support to the aviation industry. CW Aero Services believe in providing QUALITY products, creating through INNOVATION and excellent SERVICE to our customers.

CW Aero Services Pte Ltd have a distribution of an extensive range of products and services through strategic partnerships with OEMs from Europe and USA. Adding to the distribution capabilities, the company designs and manufactures specialised GSE and test systems to suit individual company requirements. We also provide maintenance services for the products we sell and manufacture.

**Areas of Expertise:**

- Aircraft Ground Support Equipments
- Toolings
- Airport/Terminal Equipments
- Inspection and testing GSE and test benches
- Creating and Manufacturing Specialised GSE and Test Systems

**Certifications:**

- BIZ SAFE 4
- ISO 9001

**Address:** 1 Seletar Aerospace Heights  
#02-01  
Singapore 797547

### DVIATION-TRANSFINGO PTE LTD

DVIATION-TRANSFINGO PTE LTD is a joint venture company established between TransFingo and Dviation groups. The Dviation Group is an aviation solutions provider, offering end-to-end customised aviation solutions in aircraft maintenance and engineering. Our comprehensive and bespoke solutions cover the entire lifecycle of aviation asset. Our clientele includes airlines, aircraft operators, manufacturers, ground handlers, and national aviation authorities, among others.

TransFingo Aviation Solutions is an aviation solutions provider specialising in market expansion partnerships, consulting services, supply & distribution of aircraft spares and technical manpower. Our partnerships include MRO, software, cabin and environment solutions.

**Areas of Expertise:**

- Market Expansion Partnerships
- Aviation Training
- Maintenance, Engineering, FTM & Spares Supply
- Consulting Services
- Recruitment and Technical Manpower

**Certifications:**

- EASA Part 147
- EASA Part 145
- CAAM Part 145

**Address:** CT HUB 2  
114 Lavender Street #07-75  
Singapore 338729

### EEZEE PTE LTD

Eezee.sg, is Singapore’s largest business-to-business (B2B) marketplace for industrial MRO, hardware and business supplies, committed to providing a customer-centric eCommerce experience that is easy, transparent and secure. With over 1000 accredited suppliers, brands and more than 100,000 products online, we are bringing daily procurement at your fingertips. Products include consumables(PPEs, electrical, mechanical, chemical, tools, hardware, office supplies, sanitary supplies, rapid test kits (COVID), etc.)

Eezee provides you with real-time price comparison, shortened time in sourcing and dedicated consolidated deliveries. Eezee helps to cut your tail end procurement process time by 70-80% which leaves you more time to focus on crucial and higher-value products. We work with our customers as their strategic procurement partner, sourcing for other product requirements that are not available online.

**Areas of Expertise:**

- Wide range of trusted industrial brands and products.
- Minimize time spent on sourcing
- Track and monitor purchases
- Seamless integration into your ERP system for procure to pay solutions
- Ex-stock program

**Certifications:**

- ISO 27001

**Address:** 4010 AMK Techplace 1  
#04-03  
Singapore 569626

### FIELD INTERNATIONAL PTE LTD

Field International is a privately owned independent group of global engineering companies serving a global customer base across the aerospace sector. A World leader in the design & manufacture of Aircraft Tooling, Ground Support Equipment, Jigs & Fixtures. We are a Boeing Tooling Licensee and manufacture tooling for all Boeing Aircraft.

With our low-Cost facilities, we are able to offer very competitive pricing while meeting your Quality and Delivery expectations. Our dedicated workforce allows us to provide our clients with high class precision Engineered products and services worldwide.

**Areas of Expertise:**

- Aircraft/Engine Maintenance Tooling
- Group Support Equipment
- Engineering/Turnkey Engineering Design and Services
- Fabrication, Welding, Painting and CNC Machining
- Low Cost Production Worldwide

**Certifications:**

- ISO 9001:2015
- Boeing Aircraft Tooling Licensee
- CAGE Code: Q3629
- AS9100 Rev D

### HYPERCOAT ENTERPRISES PTE LTD

Hypercoat is an authorized distributors of aircraft parts and material since 1985, servicing primarily the aviation industry. From a network of offices and warehouses in 14 locations world-wide, we support OEM, MRO and defence related activities in major aviation hubs.

We provide comprehensive service package that includes product and technical support for aerospace coatings, composites, chemical and expandable for airframe, engine and cabin systems. Being active partners to our customers' supply chain programs, we offer them cost-effective solution to meet their procurement needs.

**Areas of Expertise:**

- Aerospace coatings
- Composite equipment and material
- Airframe, engine and electrical expandable
- Adhesives, sealant & chemical
- Consumable for workshop

**Certifications:**

- AS9120 Rev. B
- ISO9001:2015
- ASA 100
- CAAS AWI/74

**Address:** 1 Loyang Way 6  
Singapore 507076

### IPECO SINGAPORE PTE LTD

Ipeco Singapore Pte Ltd is a subsidiary of Ipeco Holdings Limited, a world-leading manufacturer of aircraft crew seating and executive jet passenger seating, with a growing presence in the electrical galley insert sector. We operate around the globe 24/7 for AOG, spare parts distribution, repair services and in-service technical support.

From ergonomic pilot and crew seating to minimise fatigue, to stylish and comfortable executive passenger jet seats, to the ultimate galley environment – it’s all about enhancing the flight experience.

**Areas of Expertise:**

- Crew Seating
- Executive Passenger Seating
- Galley Inserts
- MRO services
- Spare parts
- Technical support

**Certifications:**

- AS9120
- EASA Part 145
- FAA Part 145
- CAAS Part 145
- CAAM Part 145
- JCAB Part 145
- DGCA Indonesia

## RHINESTHAL SINGAPORE

Rhinestahl, the global leader in aircraft engine tooling, delivers the highest quality and most comprehensive engine tooling solutions for Airlines, MROs and Lessors worldwide. We are an OEM licensee of GE, CFM International, and Rolls-Royce for engine maintenance, repair, and overhaul tooling. Some of the comprehensive engine tooling solutions and services we offer include Engine Transport Equipment, Tooling Provisioning, Tooling Management, OEM-Approved Engine Stand Leasing, GE's 360 Foam Wash, and FutureDriveNG+.

Rhinestahl CTS engineers, certified technicians, and operations experts bring deep knowledge and vast experience in engine tooling to deliver the highest level of service so you can keep your planes flying.

**Areas of Expertise:**

- Engine transport equipment
- Tooling provisioning
- Tooling management
- GE's 360 Foam Wash
- FutureDriveNG+

**Certifications:**

- ISO 9001:2015
- AS9100

## RIECKERMANN (SINGAPORE) PTE LTD

Since 1892, Rieckermann takes pride in our commitment to exceed client's expectations as a versatile Industrial Solutions Provider. Part of the Metal Processing family, our Aerospace solutions exhibits smart machining and production methods for complex parts and components. Our solutions meet the highest quality set by our clients in terms of precision, efficiency and flexibility.

With strong presence in Asia and the Middle East, our state-of-the-art machinery technology targets engine parts, landing gear and structural components. Alongside our global first-class technology partners, we arm clients with tailored industrial solutions, dedicated in-house engineering support, professional project management and local technical service teams.

**Areas of Expertise:**

## SINGAPORE AERO ENGINE SERVICES PTE LTD

Singapore Aero Engine Services Private Limited (SAESL) is a joint venture company between Rolls-Royce Plc and Singapore Airlines Engineering Company. The company first started operations in 2001 and has since become a market leader for both engine overhaul and component repair services. As a result of the sustained business growth, SAESL has continued to expand its facilities and develop new capabilities for both its engine overhaul and component repair businesses.

The Engine Overhaul business has the capability to service all products in the Trent engine family, this includes: Trent 500, Trent 700, Trent 800, Trent 900, Trent 1000 and Trent XWB; SAESL is the only Trent engine MRO that can support all product variants. The Engine Overhaul business has the capacity to repair and overhaul over 300 Trent engines per year and it is equipped with a state-of-the-art Engine Test Facility that supports our best in class engine turnaround times.

**Areas of Expertise:**

- Maintenance, Repair & Overhaul services (Engines)

**Certifications:**

- ANAC, BCAA, CAAC, CAAP, CAAS, CAAV, CASA, EASA, ECAA, FAA, HKCAD, JCAB, MOLIT, QCAA, UAE GCAA, UKCAA
