An Update on the Jobs Development Partner Programme

AAIS is a TAC partner of the Jobs Development Partner Programme (JDPP), administered by the Singapore Business Federation. JDPP seeks to help SMEs in their transformation journey and spur job creation and job redesign. Since August 2022, AAIS has offered complimentary step-by-step holistic advisory services on business transformation through our Senior Industry Transformation Advisor (ITA), Loh Wai Cheong.

To-date, 5 companies have successfully gone through the advisory process, and a further 2 will be completing the evaluation soon. The ITA's report provides companies with recommendations on process and operational transformations that would be best suited to the needs of the business. Relevant solution providers are also introduced to the companies to help them in the planning and implementation of the recommended transformations, with some of the solution providers being fellow members of AAIS.

Interested members are encouraged to contact Wai Cheong to find out about the complimentary advisory services and the JDPP in more detail. For more information, please refer to the full report.

Recent Activities

Learning Journey to Sodick Singapore Techno Centre

Kicking off a host of events for the year, AAIS and Sodick Singapore Techno Centre (SSTC) organised a learning journey on 12 January 2023 for members and industry participants to learn more about advanced manufacturing capabilities for business transformation.

With a focus on Additive Manufacturing (AM), participants heard presentations on design freedom case studies, shared by speakers from the Singapore Institute of Technology (SIT). The tour took participants around SSTC's Manufacturing Centre and its Additive Manufacturing Lab, which showcased Sodick's latest 3D printers and IOT-integrated

machines and systems to increase productivity and efficiency. We thank our hosts – SSTC and SIT – for an enriching afternoon and look forward to more of such collaborative and informative events in the year ahead.

Upcoming Industry Activities

Aerospace Community Day 2023

Bringing Chinese New Year Cheer to the Elderly

Jan 30, 2023 to Feb 1, 2023
(GMT+8)

As many of us move past challenges caused by the pandemic, there are yet others in the community who are still facing restrictions and difficulties. This new year, AAIS is pleased to prepare a meaningful event - Aerospace Community Day 2023 - as an opportunity for everyone in the industry to give back to society.

On behalf and in the name of the Singapore Aerospace Community, AAIS will be organising activities, lunch/tea time snacks, and red packets for elderly beneficiaries at St John's Home for Elderly Persons (approx. 70 residents) and Bright Hill Evergreen Home (approx. 410 residents).

Your generous contribution is sought to defray the expenses for this meaningful project and bring some smiles and a touch of festive cheer to our deserving elderly beneficiaries. We look forward to your strong support!

Partners' Events

Mar 21 - 24, 2023
(GMT+7)

National Convention...
Hanoi, Vietnam

Vietnam has become a promising market for manufacturers of aerospace equipment in recent years, with favourable internal and external conditions, as well as the rapid growth of the aviation industry, which has resulted in the need to strengthen infrastructures and services in the region.

AAIS is planning to lead the participation of Singapore companies in the first edition of the Vietnam Aviation Forum, to be held from 21 to 24 March in Hanoi. Brought to you by the organisers of Aeromart Toulouse, the forum includes pre-organised B2B meetings, Conferences, Industrial Site visits, and an exhibition dedicated to the aviation industry, covering supply chain, maintenance, investment, infrastructure management, commercial appeal, and training for the development of the industry in Vietnam.

To register your interest to participate and for further information, please drop an email to Margaret Chong at margaret@aaais.org.sg or contact +65 9736 1722.
