

SINGAPORE UNMANNED AIRCRAFT SYSTEMS COMMUNITY

SG UAS Community Updates: 13 January 2022

Happy New Year!
WELCOME 2022

**"For last year's words belong to last year's language
And next year's words await another voice."**

- T.S. Eliot -

Aerospace Community Project: Bringing Chinese New Year Cheer to the Elderly

AAIS is preparing for our yearly Aerospace Community Project. As restrictions are still in place, we are unable to visit elderly homes or take the residents out for a meal. Nevertheless, we would like to continue our efforts to bring CNY joy to them.

On behalf of the Aerospace Community, AAIS will be organising bento lunches, red packets and care packages (mandarin oranges, colouring books and pencils) for the elderly at St John's Home for Elderly Persons (approx. 80 residents) and Bright Hill Evergreen Home (approx. 240 residents).

In addition, we are excited to announce our collaboration with Vivienne Wong and Friends to record a musical celebration of the new year for the residents of the homes. Enjoy a preview with the talented Vivienne: **"Rose, Rose I love you"**.

We seek your generous contributions to make this happen and bring some smiles and a touch of festive cheer to the

deserving beneficiaries. **To make your contributions, please scan the QR code into your banking/Paynow app, enter the amount and indicate "CNY2022, your name/organization" under Bill Ref. No.** If you have queries or clarifications, please contact Margaret (margaret@aais.org.sg).

Micro-Learning Course on Drone Technology

ITE College Central will be launching a Micro-Learning Course (MLC) titled Drone Technology. It is an online self-directed course that participants can access via a computer or mobile device anytime and anywhere. The entire course is about 110 mins. It is designed to equip and update one who is interested to know more about drones.

At the end of the course, participants will be equipped with:

- Basic knowledge of Unmanned Aerial Vehicle (UAV), and
- Safety awareness in piloting a drone.

This MLC is free-of-charge for the UAS Community members.

If you are interested, please click on the button below to register, by 30 Jan 2022.

You will be receiving an email invite with the link to access the MLC, and you will be given 2 weeks to complete the MLC.

I am interested !

UAS Indoor Testbed Facility: Provision of Electricity

Good news to users of the UAS Indoor Testbed Facility at JTC A2 Building. JTC has made electricity supply available at the Testbed, for a small fee. To find out more, do give us a ring at Tel: (65) 6262 5336.

Make a Booking Today!

Or contact us/ send us an email to arrange a site visit.

Delivering Commercial Unmanned Aerial Vehicle Solutions

Natural Disasters Expo Asia

18 - 19 April 2022, Singapore Expo

Organised by the PRYSM Group, this event focuses on the management and mitigation of natural disasters, namely heat & fire, storm, flood and earthquake. The Natural Disasters Expo is the central hub for any forward thinking disaster risk management professional to ensure the technology and advancement is in place before any state of emergency. It is an opportunity to showcase how drone services can make a difference in surveying and managing disaster sites, providing emergency communications networks and critical deliveries.

Official Event Website: <https://www.naturaldisastersshowasia.com>

Upcoming Activities

Singapore Airshow 2022: Singapore Pavilion

Exhibit at the Singapore Pavilion coordinated by AAIS

Feb 15 - 18, 2022
(GMT+8)

Singapore Airshow returns from 15 to 18 February 2022 at Changi Exhibition Centre, Singapore. A key event in the global aviation calendar, Singapore Airshow 2022 will include an exhibition, by-invite-only forums, flying displays and static displays. Key participating exhibitors will include Airbus, Bell, Boeing, Collins Aerospace, Commercial Aircraft Corporation of China, Gulfstream, Honeywell, Israel Aerospace Industries, Leonardo, Lockheed Martin, Rolls-Royce, ST Engineering and Textron Aviation.

With COVID-19 disrupting global economies, recovery is key in every leader's agenda. Together with FlightGlobal, Singapore Airshow 2022's Aviation CEO Forum will bring together aviation industry leaders to discuss the industry's recovery, business resilience, balance sheet rebuilding and network and fleet development.

The aviation industry is confronted with an urgency to achieve net zero carbon emissions by 2050. In the Sustainable Aviation Forum, held in partnership with Alton Aviation Consultancy, participants will deep-dive into the challenges and opportunities within sustainable aviation. This includes project trials, technological innovations, and collaborations in research and development.
