## MRO APAC 2025 WELCOME TO THE SG PAVILION

### WELCOME MESSAGE

Singapore's aviation and aerospace sector is poised for a bright future. In the past year, the aerospace sector recorded significant growth, with industry output in 2024 exceeding S\$18 billion, marking a 15.5% year-on-year increase.

As the sector continues to serve the regional global market, companies are driving intensive innovation efforts and investing in the latest technologies and capacity expansion. Last year, the Singapore Economic Development Board (EDB) reported over S\$750 million in new investments across more than 10 aerospace projects.

The development of Changi Airport's Terminal 5, slated for completion in the mid-2030s, will further expand the air cargo sector and increase commercial aviation capacity to 140 million passengers annually.

We are proud to present the Singapore Pavilion @ MRO Asia-Pacific 2025, showcasing the latest in the sector's diverse and comprehensive nose-to-tail MRO capabilities, aerospace manufacturing, and aftermarket products and services.

Have a visit and explore opportunities with the Singapore Pavilion exhibitors! Drop by the AAIS booth to connect with the broader Singapore aerospace community and ecosystem.

**Sia Kheng Yok**

*Chief Executive*

Association of Aerospace Industries (Singapore)

### ASSOCIATION OF AEROSPACE INDUSTRIES (SINGAPORE)

The Association of Aerospace Industries (Singapore) or AAIS, is a not-for-profit organisation established in 2003 to promote the development of Singapore as a leading aerospace hub. Its vision is "An Innovative Aerospace Community for a Sustainable Future."

AAIS represents companies involved in aviation, aerospace and unmanned aircraft systems, including maintenance, repair and overhaul (MRO), manufacturing, parts distribution, R&D, training and education, and others. It serves as the voice of industry, facilitates business and engenders the aerospace community.

Visit [www.aaiss.org.sg](http://www.aaiss.org.sg) for more information.

### ENTERPRISE SINGAPORE

Enterprise Singapore is the government agency championing enterprise development. It is a statutory board operating under the Ministry of Trade and Industry (MTI) of the Singapore government.

With a global network in over 35 locations around the world, it drives Singapore companies' global expansion while connecting international businesses to trusted partners in Singapore.

Singapore is a powerhouse of growth. As a global hub for trade and innovation, it offers access to a thriving ecosystem of global enterprises, startups, and investors. Known for their commitment to quality and innovation, Singapore companies are also ideal partners for growth.

Enterprise Singapore is here for wherever businesses are growing.

## ACME MANUFACTURING COMPANY SINGAPORE PTE LTD

Acme Manufacturing is a global leading provider of robotic material removal automation for the aerospace industry. Acme provides turnkey robotic systems for new part manufacturing & MRO processes including, HPT & HPC blade repair, LPT blade polish, vane polishing, blending, deburring, leading-edge profiling, composite material trim and polish, and additive manufacturing post-processes. Located within the Seletar Aerospace Park, Acme offers an innovation and development centre for robotic material removal dedicated to the aerospace industry.

### Areas of Expertise:

- Robotic Material Removal for the Aerospace Industry
- Robotic Grinding, Robotic Polishing, Robotic Buffing, Robotic Deburring
- Centerless Grinding

### Certifications:

- ISO 9001:2015
- CE Marking
- ITAR Registered

**Address:** 1 Seletar Aerospace Heights,  
Singapore 797547

## ACP METAL FINISHING PTE LTD

For more than 40 years, ACP has built a first-class reputation as a metal surface finisher supporting various industries. Approved by major Aerospace OEMs and MRO companies, including Boeing, Collins, Eaton, GE, Honeywell, Parker, Pratt & Whitney, SIAEC, Thales, and ST Engineering, ACP is a certified repair station by the CAAS, FAA and EASA. We are also accredited by NADCAP for chemical processing and Non-Destructive Testing (NDT). Processes offered include various types of anodising, chemical conversion, passivation, plating of electroless nickel, chrome, cadmium, electrolytic nickel, silver, zinc nickel, selective brush plating, painting of primer, top coat and dry film lubricant and NDT inspections.

### Areas of Expertise:

- Anodising / Electroplating of Metal Components
- Spray Painting
- Non-Destructive Testing

### Certifications:

- AS9100D, ISO 9001:2015, ISO 14001:2015
- SAR 145 by CAAS, FAR 145 by FAA
- CCAR 145 by CAAC, EASA 145D1 by EASA
- NADCAP Certifications for Chemical Processing and Non-Destructive Testing

### ACS FREIGHT SERVICES PTE LTD

ACS Freight Services Pte Ltd (ACS) believes in tailoring cost-effective solutions by understanding the requirement of our clients thoroughly.

Situated at one of the largest warehouse facilities within the Free Trade Zone (FTZ) of Changi Airport, together with our in-house trucking, dangerous goods and freight specialist, ACS is well positioned to effectively execute air freight, ocean freight and AOG logistics operations.

#### Areas of Expertise:

- Air Freight
- Ocean Freight
- AOG 24/7 Operations
- Customised Crating Solutions
- Company Vehicle Fleet and Warehouse

#### Certifications:

- Bizsafe 3
- SAAA
- IATA
- RCAR

**Address:** 119 Airport Cargo Road  
#01-03/04 Changi Cargo  
Megaplex 1 Singapore 819454

**Website:** [www.acsfrt.com.sg](http://www.acsfrt.com.sg)

### APPLIED TOTAL CONTROL TREATMENT PTE LTD

ATC Group is a fully vertically integrated enterprise delivering end-to-end solutions across Surface Finishing, Precision Engineering and Advanced Product Development. With five facilities across Singapore and Malaysia, ATC supports global clients in high-value industries, including the Aerospace and Semiconductor industries. Divisions in the ATC Group include - ATC (a NADCAP certified surface finishing provider); GD Precision (a manufacturing, precision engineering facility); and SMT Innovax (an Industry4.0-ready smart factories transformation provider).

#### Areas of Expertise:

- Surface Finishing
- Non-Destructive Testing (NDT) e.g FPI, MPI, Ultrasound, Eddy Current and X-ray
- Precision Engineering
- Aerospace Fluid and Electromechanical System Fabrication (Piping & Tubing)

#### Certifications:

- AS 9100 REVD
- ISO 9001:2015
- 12 NADCAP Merit Awards  
– Chemical Processing Accreditation

**Address:** 24A Woodlands Loop  
Singapore 737891

## ATEQ SINGAPORE PTE LTD

ATEQ Aviation is a worldwide manufacturer of automated testers for all types of aircrafts. ATEQ has developed a complete range of products, customised hardware and software solutions: pneumatic, electric and electronic safety testing systems. Cobra Systems, an ATEQ company since 2018, manufactures Pitot-Static adapters, accessories and covers.

ATEQ Aviation is a division of ATEQ Group, the number one supplier of automatic leak testing machines, leak test systems. Present in 40 countries, ATEQ is servicing more than 5,000 customers worldwide.

### Areas of Expertise:

- Air Data Testing, One Stop Solution
- ADSE, and Pitot Static Adapter Manufacturer
- Aircraft Battery Testing Solutions
- Leak Testing Expertise
- Resistance and Loop Testing Expertise

### Certifications:

- ISO17025

**Address:** 38 Jalan Pemimpin #08-06  
Singapore 577178

## AUXITROL WESTON SINGAPORE PTE LTD

With over 30 years of experience in the aftermarket, Auxitrol Weston is a key Maintenance, Repair & Overhaul (MRO) player providing global support and services on its sensors and other engine components. We have a global presence and support with three repair stations to address airlines and repair shop demands daily. Our global network is committed to satisfying our customers' needs. Customer oriented, Auxitrol Weston provides a fast, efficient and cost-effective spares support, maintenance, repair and overhaul service.

### Areas of Expertise:

- Design
- Testing
- Manufacturing
- Product Support
- MRO

### Certifications:

- CAAS
- CAAC
- FAA
- EASA

**Address:** 30 Loyang Way, #06-06  
Singapore 508769

## AVIATION AND ELECTRONICS SUPPORT PTE LTD

Aviation & Electronics Support Pte Ltd (AES) was founded in 1986, specialising in avionics and integrated solutions for both military and civilian aircraft. With 39 years of experience, AES is a trusted provider of complex avionics systems installation and engineering services. Known for our specialised aerospace and engineering services, we serve multiple avionics OEMs as their authorised repair and warranty center, and offer expertise in mechanical and hydraulic components, ground systems (like ATM simulators and ATC communications), GSE, and aircraft interior work.

### Areas of Expertise:

- Engineering Services
- Part 21 – Designing and Installing Complex Avionics Systems
- OEM Authorised Repair Capabilities for Avionics, Mechanical and Hydraulic Components
- Aircraft Retirement Programmes
- Distribution/Repair Management/Trading

### Certifications:

- CAAS, CAAC, CAAM, CAAT, CAAB, CAAV
- DGCA
- EASA
- FAA

**Address:** 690 West Camp Road  
JTC Aviation Two #11-06

## AVIATION PARTNER & CONSULTING PTE LTD

APAC is an OEM authorised distributor for aircraft maintenance supplies, including paint-coating, treatment surfaces, cleaners and chemicals (AkzoNobel-Mapaero / SOCOMORE / GK-GermKiller / NYCO / Hermes / Sames / BCO) for the Asia region, with stock available in Singapore 24/7.

APAC offers fixed prices, AOG services, blanket orders as well as consignment programmes.

### Areas of Expertise:

- Painting/Coating
- Cleaning
- Chemicals
- Fuel/Lubricants
- Tools

### Certifications:

- AS9120B
- ISO 9001:2015

**Address:** 690 West Camp Road #10-11/12

## BAN CHU LEONG TECHNOLOGIES PTE LTD

Ban Chu Leong Technologies Pte Ltd is an industrial abrasive manufacturer and solution provider for aviation engines and aircraft parts. We are a provider for abrasive automation, robotics solutions and customised abrasive tooling or consumables.

### Areas of Expertise:

- Abrasive for Aviation MRO and Production
- Robotics and Automation Solutions

### Certifications:

- ISO 9001:2015

**Address:** 60 Paya Lebar Road #07-54,  
Paya Lebar Square  
Singapore 409051

## CEVA LOGISTICS SOLUTIONS SINGAPORE PTE LTD

CEVA Logistics, a world leader in third-party logistics, provides global supply chain solutions to connect people, products and providers all around the world. Headquartered in Marseille, France, CEVA Logistics offers a broad range of end-to-end, customised solutions in contract logistics and air, ocean, ground and finished vehicle transport in 170 countries worldwide, thanks to its approximately 110,000 employees at more than 1,300 facilities. With 2024 revenue of US\$18.3 billion, CEVA Logistics is part of the CMA CGM Group, a global player in sea, land, air and logistics solutions.

### Areas of Expertise:

- Multimodal Transport
- Customs and Regulatory Compliance
- Logistics
- Global Supply Chain
- Industrial Projects

### Certifications:

- AS 9120B, ISO 9001, ISO 13485, ISO 14001, ISO 22301, ISO 22716, ISO 45001
- TRACE (Anti bribery compliance)
- Good Manufacturing Practice (GMP)
- Qualified Envirotainer Provider (QEP)
- CEIV Pharma, CEIV Lithium Battery
- Secure Trade Partnership (STP)
- BIZ SAFE Star, TAPA Level C

## CF GLOBAL TECHNOLOGIES PTE LTD

CF Global Technologies, established since 2010, provides industrial products under our group of companies with a special focus in turbine industries. We specialise in supplying capital equipment like adaptive machining systems, automated/manual precision TIG welding machines, heat treatment solutions, coating solutions APS/HVOF, micro resistance welding machines, drilling technology for cooling holes and also cleaning, FPI & MPI automated equipment

### Areas of Expertise:

- Adaptive Machining Systems
- Coating Solutions APS/HVOF with Diagnostics Tools
- Micro Resistance Welding Machines
- Drilling Technology for Cooling Holes
- Cleaning, FPI & MPI Automated Equipment

### Certifications:

- ISO 9001:2015

## CHEMETALL ASIA PTE LTD

The surface treatment global business unit of BASF's Coatings division, operating under the Chemetall brand, is a leading supplier of applied surface treatment technologies for metal, plastic, and glass substrates. These specialty chemicals are used in a wide range of industries, such as, but not limited to, automotive, aerospace, aluminum finishing, coil, and metal forming, supported by a large network of technical specialists. The portfolio for the aerospace industry includes aircraft sealants, descalers, alu etcher, NDT and corrosion protection solutions.

### Areas of Expertise:

- Aircraft Sealants
- Cleaners
- Corrosion Protection
- Non-destructive Testing Products
- Paint & Carbon Removers

### Certifications:

- ISO 9001:2015
- ISO 45001: 2018
- ISO 14001: 2015

## CHEMTRON PTE LTD

Chemtron Pte Ltd is a leading additive manufacturing solutions provider and 3D printing service bureau based in Singapore. We aim to empower industries with advanced 3D printing technologies, offering high-performance solutions from Markforged. Serving sectors such as aerospace, healthcare, automotive, and education, Chemtron delivers reliable prototyping, tooling, and production services. Our commitment to innovation, technical excellence, and customer success makes us a trusted partner in transforming design and manufacturing across Southeast Asia.

### Areas of Expertise:

- Additive Manufacturing Solutions Provider
- 3D Printing Services
- 3D Scanning Services
- 3D Modelling and Reverse Engineering
- 3D Consultancy

**Address:** Blk 203A Henderson Road,

## COSMOLOGY PRIVATE LIMITED

Cosmology is a Singapore-based precision engineering company specialising in CNC milling, turning, and advanced manufacturing. We produce high-quality mechanical components for aerospace, medical, semiconductor, and optics industries.

With facilities in Singapore and India, we provide competitive pricing, flexible production capabilities, and reliable on-time delivery. Our end-to-end solutions, from machining to finishing, ensure precision, quality, and performance for the most demanding engineering requirements.

### Areas of Expertise:

- High Precision Mechanical Parts
- Implant 3D Printing
- PCB Assembly

### Certifications:

- AS9100
- ISO13485

**Address:** 1 Bulim Lane 2

## COWAY ENGINEERING & MARKETING PTE LTD

Coway Engineering & Marketing Pte Ltd is a Singapore-based precision engineering company with strong capabilities in aerospace MRO and advanced manufacturing. Located in Seletar Aerospace Park, we hold CAAS, FAA, EASA, and CAAC Part 145 approvals and are accredited to AS9100D and ISO 9001:2015. Our services include precision machining, NDT, welding, and surface treatment. While aerospace is our core focus, we also apply these high-quality standards to other industries requiring complex, high-precision components. We continuously seek to build long-term partnerships with OEMs and MROs to support their operational needs and growing demands across the region.

### Areas of Expertise:

- Aerospace Components MRO services (Machining, Surface Treatment, Welding, NDT)
- Precision Manufacturing for Complex Components
- High Mix, Low Volume Production Capability
- Engineering Support & Process Development
- Cross Industry Applications

### Certifications:

- AS9100
- CAAS Part 145
- FAA Part 145
- EASA Part 145
- CAAC Part 145
- ISO9001, ISO45001

## CREATZ3D PTE LTD

Creatz3D is a Singapore-based company dedicated to delivering advanced 3D printing solutions across a wide range of industries. Since 2012, we have partnered with global leaders like Stratasys, 3DCeram, DLyte, and Materialise to offer top technologies including plastic and ceramic 3D printers, metal surface finishing systems, and specialised 3D software. With a strong customer-first mindset and deep technical expertise, we provide end-to-end services from design consultation to prototype production and small-batch manufacturing, supporting precision-driven sectors such as aerospace, aviation, marine, automotive, and more.

### Areas of Expertise:

- Additive Manufacturing
- 3D Printing Service
- Metal Surface Dry Electropolishing
- Consultancy Service (End-to-End Support)

### Certifications:

- ISO 9001:2015

**Address:** 180 Paya Lebar Road #08-07

### CW AERO SERVICES PTE LTD

CW Aero Services Pte Ltd, in partnership with leading OEMs, provides extensive aviation solutions including ground support equipment, tooling, test systems, and digital solutions, supported by a team of OEM-trained specialists. CW Aero excels in custom testing system design, production, and upkeep. Its new digital solutions division employs artificial intelligence, predictive maintenance, Industry 4.0, and LIDAR technology to enhance offerings, streamline processes, and deliver unparalleled value to clients.

#### Areas of Expertise:

- Aircraft Ground Support Equipment
- Airport/Terminal Equipment
- Inspection/Testing/Maintenance/Overhaul GSE and Test Benches
- Creating and Manufacturing Specialised GSE and Test Systems
- Digital Solutions including Fleet Management, Predictive Maintenance, Industry IOT, LIDAR and Asset Tracking
- Tooling

#### Certifications:

- ISO 9001:2015
- ISO 45001
- bizSAFE Star
- Progressive Wage Mark

### DIAMOND AVIATION PTE LTD

Diamond Aviation delivers engine and rotatable solutions with precision and accountability. We specialise in CFM56, Trent 700, PWC engines, and APUs through leasing, parts sales, and exchanges. Our project-driven approach supports airlines and MROs across engine teardowns, transitions, and repair management. Backed by a robust feedstock programme, we control quality, price, and turnaround through strategic planning. Whether for short-term demand or long-term programs, we deliver results, not just components.

#### Areas of Expertise:

- Engine Leasing & Sales
- Parts Sales & Exchange
- Engine Teardown & Feedstock Programmes
- Rotable Pool Management & Replenishment
- Project Management for Airlines & MROs

#### Certifications:

- AS9120B
- ISO 14001:2015

### EVIDENT SCIENTIFIC SINGAPORE PTE LTD

Evident designs and manufactures a diverse range of inspection technologies and industrial products, including nondestructive testing flaw detectors, X-ray fluorescence analysers, and video borescopes.

Designed to inspect hard-to-reach areas, our video borescopes provide outstanding image quality on best-in-class monitors with versatile options. In nondestructive testing, we empower inspectors with leading-edge thickness gauges, flaw detectors, phased array instrumentation, and scanners. Our X-ray fluorescence (XRF) material analysers deliver element composition analysis for alloys, precious metals, and more.

#### Areas of Expertise:

- Non-destructive Testing Flaw Detectors
- X-ray Fluorescence Analysers
- Video Borescopes
